IMAN Health Center provides services to all, regardless of their insurance status or ability to pay. Our Sliding Fee Discount program offers a discounted rate on services offered at our facility based on household income and size.

We offer the sliding-fee scale to all income eligible patients based on annual household income for our services. The sliding fee scale provides a flexible cost on certain services to individuals that qualify. Outof-pocket fees for income-eligible sliding fee patients at or below 200% FPG will be the lesser of their insurance copayment or the sliding fee charge, unless precluded by insurance contract.

To qualify for a potential discount the patient must furnish proof of household income and family size. All members of a household who are combining financial resources including room and board and/or are supporting one another financially are counted as one household.

If employed – Please provide one of the following
